**Description:** The makers of Think-Ets have taken teeny, tiny trinkets---none are bigger than your thumbnail---and turned them into a game. And for parents, they've turned everyday items into an opportunity peace of mind. This unique game is small enough to fit in your purse or pocket and easily engages children of any age. Miniature pieces include 15 trinkets---a pink pig, an itty-bitty pair of pliers, a gold ring, bowling pin and lots of others---which jumpstart kids' creativity and storytelling abilities. The trinkets can be part of an ongoing storyline or any made-up game (10 suggestions are included) they choose to create. And beyond the fun factor, the pieces encourage focus, critical thinking and social interaction. Our test group included three kids ages 4 to 10 who thoroughly enjoyed playing with the pieces. Wish we'd thought of it first!
