

# TOY FAIR 2008

## THINK-A-LOT

Think-ets, from Think-a-lot, is a game featuring an assortment of 15 collectible miniature trinkets that come in a small pouch and can be used to create games. Using these tiny treasures, children, adults, and families can play games such as “What’s Missing?,” “What’s Your Story?,” or “What’s Moved?” No two Think-ets games are alike, so kids can try and collect all the playing pieces. Think-ets is for two or more people ages 8 and up.
